

This architectural floor plan illustrates the layout of a restaurant, showing furniture placement, dimensions, and circulation paths. The plan is divided into several functional areas:

- Entrance and Reception:** Located at the bottom center, featuring a reception desk and a circular area with a plant.
- Seating Areas:**
 - Bar/High-top Seating:** Along the top wall, featuring a long bar and high-top stools.
 - Booth Seating:** Along the right wall, featuring a long booth with rectangular tables and chairs.
 - Private Dining/Meeting Room:** A large rectangular room on the left side, containing a large conference table and chairs.
 - Small Seating:** Several small tables and chairs are scattered throughout the plan, including a circular table near the entrance and a small table near the bar.
- Circulation:** Arrows indicate the flow of traffic throughout the space, including a main path along the right wall and a path leading to the private dining area.
- Dimensions:** Various dimensions are provided to specify the scale of the plan, including:
 - Overall width: 13885
 - Overall height: 12005
 - Private dining room width: 4360
 - Private dining room height: 3690
 - Bar area width: 4960
 - Booth area width: 3255
 - Entrance area width: 3880
 - Reception area width: 3840
 - Reception area height: 2905
 - Reception area width: 1100
 - Reception area width: 8100
 - Reception area width: 15255
 - Reception area width: 3630
